Commercial Reimbursement Policy

Subject: **Bundled Services and Supplies - Facility**	
Policy Number: **C-23001**	Policy Section: **Facilities**
Last Approval Date: **06/12/2024**	Effective Date: **11/01/2024**

Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by an Anthem Blue Cross and Blue Shield (Anthem) member's benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis, as well as to the member's state of residence.

You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with Current Procedure Terminology (CPT) codes, Healthcare Common Procedure Coding System (HCPCS) codes and/or revenue codes. These codes denote the services and/or procedures performed and when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to both participating and non-participating professional providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Anthem may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.

These reimbursement policies may be superseded by mandates in provider, state, federal, or Centers for Medicare & Medicaid Services (CMS) contracts and/or requirements. We strive to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date, in accordance with the policy. We reserve the right to review and revise these policies when necessary. When there is an update, we will publish the most current policy to the website.

Policy

The Health Plan considers certain services and supplies to be ineligible for separate reimbursement when reported by a facility, unless provider, state, federal contract and/or requirements indicate otherwise.

Services considered integral to the primary service, or included in the facility fee, will not be allowed for separate reimbursement when billed by a facility provider. The categories below are including, but not limited to the following:

- DME; set-up, delivery, and accessories
- Facility personnel services
- Feeding kits and supplies
- Flushes and diluents
- Nursing services
- Pharmacy services
- Pulse oximetry
- Routine supplies and equipment

The Health Plan will not allow separate reimbursement when billed on the same date of service as a room or facility fee, or a procedure other than the administration service by a facility provider for the following categories:

- Chemotherapy administration
- Infusion Drug administration

The Related Coding section lists and describes the Current Procedural Terminology (CPT®) and Healthcare Common Procedural Coding System (HCPCS Level II) codes that are considered always bundled and not eligible for reimbursement when they are reported as a stand-alone service, or with another service. No modifiers will override the denial for the always bundled services and/or supplies listed.

Related Coding

Code	Description	Comments
15851	Removal of sutures or staples requiring anesthesia (ie, general anesthesia, moderate sedation)	Not eligible for reimbursement
87913	Infectious agent genotype analysis by nucleic acid (DNA or RNA); severe	Not eligible for reimbursement

	acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (coronavirus disease [COVID-19]), mutation identification in targeted region(s)	
97010	Application of a modality to 1 or more areas; hot or cold packs	Not eligible for reimbursement
99070	Supplies and materials (except spectacles), provided by the physician or other qualified health care professional over and above those usually included with the office visit or other services rendered (list drugs, trays, supplies, or materials provided)	Not eligible for reimbursement
