

Northwest Quantity Limit List

Kaiser Permanente considers the drugs and devices listed below to be limited to the maximum quantity per days supply indicated. However, this list does not limit the total days supply you may be allowed per fill under your prescription benefit. If a generic equivalent is available for any brand on the list, the generic product is also subject to the same limits. Presence on this list does not guarantee coverage under your benefit. Please visit kp.org/formulary to determine whether it is on our formulary. This list is subject to change without notice.

DRUG / FORM / DOSE	ROUTE	QUANTITY PER DAYS SUPPLY LIMIT
