

Kaiser Permanente Exclusive Provider Organization (EPO, Self-Funded / Level Funded) Formulary (List of Covered Drugs)

Please Read: This document contains information about the drugs we cover when you participate in a Kaiser Permanente Exclusive Provider Organization (EPO, Self-Funded / Level Funded) plan. The listing does not provide information regarding specific coverage, including specific exclusions, copays, or coinsurances. That information can be found by referring to the *Summary Plan Description*. If you have specific questions about your prescription benefits, please contact Optum RX at 1-866-427-7701 (TTY 711).

What is the Kaiser Permanente Exclusive Provider Organization (EPO, Self-Funded / Level Funded) Drug Formulary?

A formulary is a list of covered drugs chosen by a group of Kaiser Permanente physicians and pharmacists known as the Pharmacy and Therapeutics Committee. This committee meets regularly to evaluate and select the safest, most effective medications for our members. Kaiser Permanente may add or remove drugs from the formulary during the year. Our Pharmacy and Therapeutics Committee thoroughly reviews medical literature and selects drugs for our formulary based on how safe and effective they are, among other factors.

What drugs are covered?

Kaiser Permanente will generally cover brand name (when no generic is available), generic and specialty tier drugs listed on our formulary, if the drug is medically necessary, the prescription is filled at a Kaiser Permanente or a participating network pharmacy, and other plan rules are followed.

Drugs listed on the formulary are covered by your prescription drug benefit when dispensed for use in an outpatient setting. Some drugs have restrictions. Using drugs on the formulary helps maintain quality care for our members while keeping the cost of prescription drugs affordable.

What is a generic drug?

A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name and specialty tier drugs. In most cases, a generic equivalent is dispensed when available. Members will be notified at the time of service when a generic equivalent is dispensed in place of a brand name drug.

All drug product strengths, formulations, and package sizes &/or types of a formulary drug may not be included on the formulary, check with your Kaiser Permanente pharmacist for clarification, if needed.

What is a brand name drug?

Brand name drugs are manufactured and sold by the drug company that originally researched and developed the drug. When the patent on a brand name drug expires, other drug companies may manufacture and sell an FDA-approved generic version of the drug with the same active ingredient(s) at lower prices.

What is a specialty tier drug?

Drugs listed as a specialty tier drug are very high-cost drugs.

Are Over-the-Counter (OTC) items covered on the formulary?

Generally, most plans exclude drugs that are also available over-the-counter. Your plan may allow for the following types of over-the-counter items to be covered:

Aspirin – Covered when used for the prevention of cardiovascular disease, when the potential harm of an increase in gastrointestinal hemorrhage is outweighed by a potential benefit of a reduction in myocardial infarctions (men aged 45-79 years; women age 55 to 79 years). Covered after 12 weeks of gestation in women who are at high risk for preeclampsia.

Oral Fluoride – Covered for dental caries in preschool children and should be prescribed at currently recommended doses to preschool children older than 6 months whose primary water source is deficient in fluoride.

Folic Acid – Covered for woman planning or capable of getting pregnant.

Iron Supplements – Covered for asymptomatic children aged 6 to 12 months who are at increased risk for iron deficiency anemia.

Contraceptives – Covered over-the-counter items such as spermicides, condoms, and sponges.

Colonoscopy (bowel) preparation medications – Covered when medically necessary when associated with a preventive colonoscopy.

Nicotine Replacement – Covered over-the-counter items for tobacco cessation products such as nicotine patches, gum or lozenges if your plan allows.

What drugs are not covered?

Drugs not listed on the formulary are referred to as non-preferred or non-formulary drugs and are not covered unless Kaiser Permanente determines that they are medically necessary through the formulary exception process. Prescriptions for non-preferred or non-formulary medications that are determined not to be medically necessary may be filled at Kaiser Permanente or a participating network pharmacy for the full retail price.

All drug product strengths, formulations, and package sizes &/or types of a formulary drug may not be included on the formulary, check with your Kaiser Permanente pharmacist for clarification, if needed.

Are there any restrictions on the drugs covered on the formulary?

Some covered drugs may have additional requirements or limits on coverage. For these drugs, Kaiser Permanente may require you or your provider to get an approval from us before you fill your prescription. Additionally, when there is a national shortage of a drug, we may limit the quantity of the drug dispensed. These restriction types are noted in the formulary list within this document.

The type of restrictions that may require an approval or may be limited include:

Restriction Type	Guidelines	Description
AGE	Age Limits	A drug that is restricted to a specific age or age range.
PR	Physician Restrictions	A drug that is required to be written by a provider specialized in the treatment of certain conditions. For example, a drug used for cancer may be restricted to providers specialized in Oncology.
PA	Prior Authorization	A drug that requires specific medical criteria be met and requires approval by the plan prior to being dispensed for benefit.
RB	Restricted to Benefit	A drug that is restricted to a certain benefit for coverage and the cost share may be different than the tier listed.
QL	Quantity Limits	A drug that has a quantity limit.
DS	Day Supply Limits	A drug that is limited to a specific day supply.
ST	Step Therapy	A drug that requires a similar therapy be tried prior to dispensing this drug for prescription benefit.

All drug product strengths, formulations, and package sizes &/or types of a formulary drug may not be included on the formulary, check with your Kaiser Permanente pharmacist for clarification, if needed.

MO	Maintenance Medication	A drug that is considered to be a maintenance medication. Note: Not all maintenance medications can be mailed from our mail order pharmacy such as high-cost drugs or drugs that require special handling.
----	------------------------	--

How to request an exception to a drug not covered on the formulary or a drug that has a restriction or limitation?

You should contact us to ask for an initial coverage decision for a formulary or restriction exception. When requesting an exception, we will need a statement from your provider supporting the request. Generally, we must make our decision within 72 hours of getting your providers supporting statement.

What drugs are eligible to be mailed from the mail order pharmacy?

Most drugs can be mailed from our mail order pharmacy. Some drugs (such as high-cost drugs or drugs that require special handling) may not be eligible for mailing. Drugs cannot be mailed outside the United States.

Your prescription drug plan may allow you to receive an extended day supply (e.g., 90-day supply) of maintenance medications for only one or two copayments if you use the mail order pharmacy. A maintenance medication is one that Kaiser Permanente has determined would be taken long term and for chronic conditions for most of the population. These medications are noted with a MO in the formulary list within this document.

You can order refills through our mail-order service online at kp.org/refill or by phone or mobile app. There is no extra charge for mail order. The appropriate cost share will apply.

Kaiser Permanente Formulary

The formulary list within this document provides the drugs covered under your plan and notes any restrictions or limits required for a drug.

The first column of the chart lists the drug name.

- Generic drugs are listed by their generic name (in *italics*) (e.g., atorvastatin oral tablet 10 mg, 20 mg)
- Some generic drugs have a proprietary (brand) name and are listed in CAPITAL letters (e.g., JUNEL 1/20 (21) ORAL TABLET 1-20 MG-MCG)
- Brand drugs are listed by their brand name in CAPITAL letters (e.g., JANUVIA ORAL TABLET 100 MG, 25 MG, 50 MG)

All drug product strengths, formulations, and package sizes &/or types of a formulary drug may not be included on the formulary, check with your Kaiser Permanente pharmacist for clarification, if needed.

The second column, “Drug Tier,” will indicate what tier number the drug is in. Drugs on our formulary are categorized in one of seven tiers.

Tier Value	Guideline	Description
1	Tier 1	Preventive drugs under the Affordable Care Act
2	Tier 2	Preferred Generic Drugs
3	Tier 3	Preferred Brand Drugs
4	Tier 4	Non-Preferred Generic and Brand Drugs
5	Tier 5	Specialty Drugs
6	Tier 6	Medical Service Drugs administered in a medical office
7	Tier 7	Diabetic Supplies allowed under the prescription benefit

Note: Not all plans have a different cost share for each tier designated. Also, some drugs are required to be covered at no cost to members. Refer to your *Evidence of Coverage* or *Individual Membership Agreement* for information on specific drug coverage for your plan.

The third column of the chart will indicate any restrictions or limits for that drug.

All drug product strengths, formulations, and package sizes &/or types of a formulary drug may not be included on the formulary, check with your Kaiser Permanente pharmacist for clarification, if needed.

CO EPO-Self-Funded / Level Funded Drug Formulary by Medical Condition

CURRENT AS OF 08/19/2025

NONDISCRIMINATION NOTICE

Kaiser Foundation Health Plan of Colorado (Kaiser Health Plan) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Kaiser Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. We also:

- Provide no-cost aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats, such as large print, audio, and accessible electronic formats
- Provide no-cost language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, call **1-800-632-9700 (TTY 711)**.

If you believe that Kaiser Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by mail at: Customer Experience Department, Attn: Kaiser Permanente Civil Rights Coordinator, 10350 E. Dakota Ave, Denver, CO 80247, or by phone at Member Services **1-800-632-9700 (TTY 711)**.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, **1-800-368-1019**, (TTY **1-800-537-7697**). Complaint forms are available at hhs.gov/ocr/office/file/index.html.
