

Select 4 Tier Drug List

Drug list — Four Tier Drug Plan

Your prescription benefit comes with a drug list, which is also called a formulary. This list is made up of brand-name and generic prescription drugs approved by the U.S. Food & Drug Administration (FDA).

The following is a list of plan names to which this formulary may apply. Additional plans may be applicable. If you are a current Anthem member with questions about your pharmacy benefits, we're here to help. Just call us at the Pharmacy Member Services number on your ID card.

\$0 Cost Share EPO AI-AN	Anthem Minimum Coverage EPO

Here are a few things to remember:

- You can view and search our current drug lists when you visit anthem.com/ca and choose Prescription Benefits. Please note: The formulary is subject to change and all previous versions of the formulary are no longer in effect.
- Additional tools and resources are available. To view the most up-to-date list of drugs for your plan – visit anthem.com/ca/pharmacy-information/drug-list-formulary.

- Your coverage has limitations and exclusions, which means there are certain rules about what's covered by your plan and what isn't. Already a member? You can view your Certificate/Evidence of Coverage or your Summary Plan Description by logging in at anthem.com/ca and go to **My Plan ->Benefits-> Plan Documents**.
- You and your doctor can use this list as a guide to choose drugs that are best for you. Drugs that aren't on this list may not be covered by your plan and may cost you more out of pocket. To help you see how the drug list works with your drug benefit, we've included some frequently asked questions (FAQ) in this document about how the list is set up and what to do if a drug you take isn't on it.

2025 California Select Drug List

Four Tier

Table of Contents

INFORMATIONAL SECTION	5
ADHD/ANTI-NARCOLEPSY/ANTI-OBESITY/ANOREXIANTS - DRUGS FOR THE NERVOUS SYSTEM	15
AMINOGLYCOSIDES - DRUGS FOR INFECTIONS	17
ANALGESICS - ANTI-INFLAMMATORY - DRUGS FOR PAIN AND FEVER	17
ANALGESICS - NONNARCOTIC - DRUGS FOR PAIN AND FEVER	20
ANALGESICS - OPIOID - DRUGS FOR PAIN AND FEVER	20
ANDROGENS-ANABOLIC - HORMONES	22
ANORECTAL AND RELATED PRODUCTS - RECTAL PREPARATIONS	22
ANTHELMINTICS - DRUGS FOR INFECTIONS	23
ANTIANGINAL AGENTS - DRUGS FOR THE HEART	23
ANTIANXIETY AGENTS - DRUGS FOR THE NERVOUS SYSTEM	23
ANTIARRHYTHMICS - DRUGS FOR THE HEART	24
ANTIASTHMATIC AND BRONCHODILATOR AGENTS - DRUGS FOR THE LUNGS	24
ANTICOAGULANTS - DRUGS FOR THE BLOOD	26
ANTICONSULSANTS - DRUGS FOR THE NERVOUS SYSTEM	27
ANTIDEPRESSANTS - DRUGS FOR THE NERVOUS SYSTEM	28
ANTIDIABETICS - HORMONES	31
ANTIDIARRHEAL/PROBIOTIC AGENTS - DRUGS FOR THE STOMACH	34
ANTIDOTES AND SPECIFIC ANTAGONISTS - DRUGS FOR OVERDOSE OR POISONING	35
ANTIEMETICS - DRUGS FOR THE STOMACH	35
ANTIFUNGALS - DRUGS FOR INFECTIONS	36
ANTIHISTAMINES - DRUGS FOR THE LUNGS	36
ANTIHYPERLIPIDEMICS - DRUGS FOR THE HEART	37
ANTIHYPERTENSIVES - DRUGS FOR THE HEART	38
ANTI-INFECTIVE AGENTS - MISC. - DRUGS FOR INFECTIONS	41
ANTIMALARIALS - DRUGS FOR INFECTIONS	42
ANTIMYASTHENIC/CHOLINERGIC AGENTS - DRUGS FOR NERVES AND MUSCLES	42
ANTIMYCOBACTERIAL AGENTS - DRUGS FOR INFECTIONS	42
ANTINEOPLASTICS AND ADJUNCTIVE THERAPIES - DRUGS FOR CANCER	42
ANTIPARKINSON AND RELATED THERAPY AGENTS - DRUGS FOR THE NERVOUS SYSTEM	47
ANTIPSYCHOTICS/ANTIMANIC AGENTS - DRUGS FOR THE NERVOUS SYSTEM	48
ANTIVIRALS - DRUGS FOR INFECTIONS	50
BETA BLOCKERS - DRUGS FOR THE HEART	53
CALCIUM CHANNEL BLOCKERS - DRUGS FOR THE HEART	54
CARDIOTONICS - DRUGS FOR THE HEART	56
CARDIOVASCULAR AGENTS - MISC. - DRUGS FOR THE HEART	57
CEPHALOSPORINS - DRUGS FOR INFECTIONS	57
CONTRACEPTIVES - DRUGS FOR WOMEN	58
CORTICOSTEROIDS - HORMONES	65
COUGH/COLD/ALLERGY - DRUGS FOR THE LUNGS	65
DERMATOLOGICALS - DRUGS FOR THE SKIN	66
DIAGNOSTIC PRODUCTS	71
DIETARY PRODUCTS/DIETARY MANAGEMENT PRODUCTS - DRUGS FOR NUTRITION	71
DIGESTIVE AIDS - DRUGS FOR THE STOMACH	72
DIURETICS - DRUGS FOR THE HEART	72
ENDOCRINE AND METABOLIC AGENTS - MISC. - HORMONES	72
ESTROGENS - HORMONES	74
FLUOROQUINOLONES - DRUGS FOR INFECTIONS	75
GASTROINTESTINAL AGENTS - MISC. - DRUGS FOR THE STOMACH	75
GENITOURINARY AGENTS - MISCELLANEOUS - DRUGS FOR THE URINARY SYSTEM	76
GOUT AGENTS - DRUGS FOR PAIN AND FEVER	76
HEMATOLOGICAL AGENTS - MISC. - DRUGS FOR THE BLOOD	76
HEMATOPOIETIC AGENTS - DRUGS FOR NUTRITION	77
HEMOSTATICS - DRUGS FOR THE BLOOD	78
HYPNOTICS/SEDATIVES/SLEEP DISORDER AGENTS - DRUGS FOR THE NERVOUS SYSTEM	78
LAXATIVES - DRUGS FOR THE STOMACH	78

MACROLIDES - DRUGS FOR INFECTIONS	79
MEDICAL DEVICES AND SUPPLIES - MEDICAL SUPPLIES AND DURABLE MEDICAL EQUIPMENT	80
MIGRAINE PRODUCTS - DRUGS FOR THE NERVOUS SYSTEM	83
MINERALS & ELECTROLYTES - DRUGS FOR NUTRITION	83
MISCELLANEOUS THERAPEUTIC CLASSES - VITAMINS AND MINERALS	84
MOUTH/THROAT/DENTAL AGENTS - DRUGS FOR THE MOUTH AND THROAT	85
MULTIVITAMINS - DRUGS FOR NUTRITION	86
MUSCULOSKELETAL THERAPY AGENTS - DRUGS FOR MUSCLES, LIGAMENTS, TENDONS, AND BONES	88
NASAL AGENTS - SYSTEMIC AND TOPICAL - DRUGS FOR THE NOSE	88
NUTRIENTS - DRUGS FOR NUTRITION	88
OPHTHALMIC AGENTS - DRUGS FOR THE EYE	89
OTIC AGENTS - DRUGS FOR THE EAR	91
OXYTOCICS - HORMONES	91
PASSIVE IMMUNIZING AND TREATMENT AGENTS - BIOLOGICAL AGENTS	92
PENICILLINS - DRUGS FOR INFECTIONS	92
PROGESTINS - HORMONES	92
PSYCHOTHERAPEUTIC AND NEUROLOGICAL AGENTS - MISC. - DRUGS FOR THE NERVOUS SYSTEM	92
RESPIRATORY AGENTS - MISC. - DRUGS FOR THE LUNGS	95
SULFONAMIDES - DRUGS FOR INFECTIONS	95
TETRACYCLINES - DRUGS FOR INFECTIONS	95
THYROID AGENTS - HORMONES	96
TOXOIDS - BIOLOGICAL AGENTS	96
ULCER DRUGS/ANTISPASMODICS/ANTICHOLINERGICS - DRUGS FOR THE STOMACH	97
URINARY ANTISPASMODICS - DRUGS FOR THE URINARY SYSTEM	97
VACCINES - BIOLOGICAL AGENTS	98
VAGINAL AND RELATED PRODUCTS - DRUGS FOR WOMEN	101
VASOPRESSORS - DRUGS FOR THE HEART	102
VITAMINS - DRUGS FOR NUTRITION	102

Select Drug List – Informational Section

Definitions

“\$0” next to a drug means this is a preventive drug. For some members, this product may be covered at 100% with \$0 cost share with a prescription from your provider if specified criteria are met.

“BRAND name drug” means a drug that is marketed under a proprietary, trademark-protected name. A BRAND name drug is listed in this formulary in all CAPITAL letters.

“Coinsurance” means a percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Copayment” means a fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Deductible” means the amount an enrollee pays for covered health care benefits before the enrollee’s health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.

“Dose Optimization (DO)” means dose optimization. Usually, this means you may have to switch from taking a drug twice a day to taking it once a day at a higher strength.

“Drug Tier” is a group of prescription drugs that corresponds to a specified cost sharing tier in the health plan’s prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee’s portion of the cost for the drug.

“Enrollee” is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this formulary template shall also include subscriber as defined in this section below.

“Exception request” is a request for coverage of a prescription drug. If an enrollee, his or her designee or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee’s condition.

“Exigent circumstances” means when you are suffering from a medical condition that may seriously jeopardize your life, health, or ability to regain maximum function, or when you are undergoing a current course of treatment using a non-formulary drug.

“Formulary” or “prescription drug list” is the complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.

“Generic drug” is the same drug as its BRAND name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in bold and italicized lowercase letters.

“Limited Distribution (LD)” means limited distribution. These drugs are available only through certain pharmacies or wholesalers, depending on what the manufacturer decides.

“Medically Necessary” means health care benefits needed to diagnose, treat, or prevent a medical condition or its symptoms and that meet accepted standards of medicine. Health insurance usually does not cover health care benefits that are not medically necessary.

“Nonformulary drug” is a prescription drug that is not listed on the health plan’s formulary.

“Oral Chemotherapy (OC)” Notwithstanding any deductible, the total amount of copayments and coinsurance an insured is required to pay shall not exceed two hundred dollars (\$200) for an individual prescription of up to a 30-day supply of a prescribed orally administered anticancer medication covered by the policy.

"Out-of-pocket costs" are copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.

"Prescribing provider" is a health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.

"Prescription" is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

"Prescription drug" is a drug that is prescribed by the enrollee's prescribing provider and requires a prescription under applicable law.

"Prior Authorization (PA)" is a health plan's requirement that the enrollee or the enrollee's prescribing provider obtain the health plan's authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.

"Quantity limit (QL)" means a restriction on the number of doses of a prescription drug covered by a health insurance product during a specific time period, or any other limitation on the quantity of a drug that is covered.

"Specialty Drugs (SP)" means specialty drugs. Specialty drugs are used to treat difficult, long-term conditions. You may need to get this drug through a specialty pharmacy.

"Step therapy (ST)" is a process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee's medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request. If the enrollee's prescribing provider submits a request for step therapy exception, the health plans shall make exceptions to step therapy when the criteria is met.

"Subscriber" means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

Frequently Asked Questions

How do I know what drugs are covered under my benefits?

This is a complete listing of all the drugs on the drug list. But, it's possible a drug(s) on this list may not be covered, depending on your plan's design.

Your pharmacy benefit covers prescription drugs, including Specialty Drugs, that may be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. Benefits that are administered to you in your provider's office are typically covered under your medical benefit. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables and any drug that must be administered by a Provider.

How can I find a drug on the list?

- (A) A prescription drug may be located by looking up the therapeutic category and class to which the drug belongs or the BRAND name or **generic** name of the drug in the alphabetical index; and
- (B) If a **generic** equivalent for a BRAND name drug is not available on the market or is not covered, the drug will not be separately listed by its **generic** name.

You can search the PDF drug list by:

- Drug name, using Ctrl + F on your keyboard, then type in the name of the drug you're looking for.
- Drug class, using the categories listed in alphabetical order.

How are drugs shown on the list?

- A drug is listed alphabetically by its BRAND name and **generic** names in the therapeutic category and class to which it belongs;
- The **generic** name for a BRAND name drug is included after the BRAND name in parentheses and all **bold and italicized lowercase** letters;

PSEUDOBULBAR AFFECT (PBA) AGENTS, NMDA ANTAGONISTS TYPE - DRUGS FOR SEVERE MENTAL DISORDERS
NUEDEXTA ORAL CAPSULE (<i>dextromethorphan</i>)

- If a **generic** equivalent for a BRAND name drug is both available and covered, the **generic** drug will be listed separately from the BRAND name drug in all **bold and italicized lowercase letters**; and

AMINOPENICILLIN ANTIBIOTIC - ANTIBIOTICS
<i>amoxicillin oral capsule</i>

- If a **generic** drug is marketed under a proprietary, trademark-protected BRAND name, the BRAND name will be listed after the **generic** name in parentheses and regular typeface with the first letter of each word capitalized.

<i>levonorgestrel-ethinyl estrad</i> (Portia 28 Oral Tablet)

The "Under Coverage Requirements and Limits" section will indicate if you need preapproval before you can take the drug (called prior authorization or PA), or if you need to try other drugs first for your treatment (called step therapy or ST).

Note: The presence of a prescription drug on the formulary does not guarantee that your doctor will prescribe that prescription drug for a particular medical condition.

What are my options for getting my prescriptions?

You have plenty of choices about how and where to get your prescription medicines, including local pharmacies in your plan, convenient home delivery or specialty pharmacies.

Local pharmacies

Your plan includes local pharmacies at major retail chains, such as CVS, Walmart, Target, and Kroger. You'll save the most money when you use one of these pharmacies.

To find a pharmacy near you:

1. Log in at anthem.com/ca.
2. Choose Find a Pharmacy.
3. Enter your ZIP code.

CarelonRx Pharmacy

For medications you take regularly, have your prescriptions delivered to your home with CarelonRx Pharmacy. Current Anthem members can get started at anthem.com/ca and go to the "Pharmacy Benefits" page. You can also log in to our Sydney Health mobile app and select "Pharmacy". Register your member account if you haven't already. Go to "View Prescriptions" and follow the guided steps to switch to CarelonRx Pharmacy. Shipping is always free. Call the CarelonRx Pharmacy Contact Center at 833-396-0309 or use the live chat feature on Sydney Health or anthem.com/ca for assistance.

Specialty pharmacy

If you have a complex or chronic condition treated with specialty medication — one that may need special handling or is given by injection or infusion — you'll need to get it through our specialty pharmacy. Your doctor will send the prescription to our specialty pharmacy for you, and it will be delivered to your home or your doctor's office if it needs to be administered by a doctor.

Current Anthem members can find out more by logging in at anthem.com/ca and choose Prescription Benefits or call 833-203-1739. For more details about your coverage, you can call the phone number on your member ID card.

What if my drug is non-formulary or isn't on the list?

Drugs not listed on the formulary are called non-formulary drugs. We understand that only you and your doctor know what is best for you. If you want to take a non-formulary drug or a drug that's not on the drug list, you may have to pay the full cost for it. You can also talk to your doctor or pharmacist to see if there's another drug covered by your plan that will work just as well, or if generic or OTC drugs are an option. Only you and your doctor can decide what drugs are right for you. If it is determined that a non-formulary drug is medically appropriate and necessary, that drug will be covered under the terms of your benefits.

If a drug you're taking isn't covered, your doctor can ask us to review the coverage. This process is called preapproval or prior authorization.

Your doctor can get the process started by completing an electronic Prior Authorization, calling the Member Services number on the back of your member ID card or by downloading a prior authorization form from our website and submitting it. If your request is approved, the amount you pay for the drug will depend on your plan's benefit.

There are a few options for your doctor to start the Prior Authorization (PA) process:

1. Submit an electronic PA request by going to <https://www.covermymeds.com/main/partners/anthem>.
2. Log in at anthem.com/ca and choose **Pharmacy**.
 - o Go to **Pharmacy Resources** and **Search Your Drug List** for your medication.
 - o Choose the correct medication strength and form.
 - o Scroll down to **Definition of Restrictions** and locate the applicable Fax Form in the table.
 - o Your doctor [completes and faxes the form](#) to us at 844-474-3347.
3. Calling Member Services number on the back of your member ID card.

If the contraceptive you are taking is not on the formulary, your doctor can contact us if it is medically necessary because the preferred contraceptives are inappropriate for you, and we will waive your cost share.

Once we receive all the needed supporting information, we will approve or deny the exception request based on medical necessity.

If we fail to respond to a completed prior authorization or exception request within 24 hours of receiving a request based on exigent circumstances, we will provide coverage, including refills for the duration of the exigency.

If we fail to respond to a completed prior authorization or exception request within 72 hours of receiving a non-urgent request, we will provide coverage, including refills for the duration of the prescription.

We will notify you or your authorized representative and prescribing provider about a completed prior authorization or step therapy exception within 24 hours of receipt of a request based on exigent circumstances and within 72 hours of receipt of all other requests.

You may also contact Member Services, 24 hours a day, 7 days a week. If you wish to have a non-formulary drug that your doctor determines not to be medically necessary, you may file a grievance with Member Services by calling 1-800-365-0609 or 1-866-333-4823 (TDD line if you have hearing or speech loss). If the Prior Authorization Center concludes the prescription claim should be denied, members and their doctors will get letters that explain the appeals and/or grievance process.

If you are currently taking the drug and it was approved by your previous health plan or by us, we will not require you to try other drugs first. If the drug is safe and effective for your condition, we will continue to cover it.

Who decides what drugs are on the list?

The drugs on the list are reviewed through our Pharmacy and Therapeutics (P&T) process. In this process, a group of independent doctors, pharmacists and other health care professionals decides which drugs we include on our lists. This group meets regularly to look at new and existing drugs and recommends drugs based on how safe they are, how well they work and the value they offer our members.

What is a specialty drug and how do I get them?

If you're taking a medicine that is considered a specialty drug, you may need to use a specialty pharmacy in order for your drug to be covered. Specialty drugs come in many forms like pills, liquids, injections (shots), infusions or inhalers and may need special storage and handling. Typically benefits for specialty drugs that are self-administered will be covered under the pharmacy benefit. Benefits for specialty drugs that are administered to you in your provider's office are typically covered under your medical benefit. If you use pharmacies that are not in the network, your medicine may not be covered and you may have to pay the full cost. For more details about your coverage, you can call the phone number on your member ID card.

Does the drug list change, and how will I know if it does?

Drugs on our list are reviewed and updated on a monthly basis. Sometimes, drugs are added, removed, change tiers or have updated requirements. The changes will usually go into effect the first day of the month. But don't worry, we'll let you know if a drug you take is taken off the list and, in some cases, if a drug you take is moved to a higher tier.

You can always check the drug list to make sure medicines you take are still on it. You'll find the most up-to-date drug list when you log in at anthem.com/ca.

What kind of drugs can I find on the formulary?

We cover FDA-approved preventive care drugs with zero cost share in compliance with the Affordable Care Act (ACA) and California state regulations. Your doctor may need to write a prescription for these preventive services to be covered by your plan, even if they are listed as over-the-counter. The availability or coverage of these medications without cost-sharing may be subject to criteria established by the health plan.

We cover FDA-approved equipment and supplies for the management and treatment of insulin-using diabetes, non-insulin-using diabetes and gestational diabetes as medically necessary. Medication encompasses insulin, insulin pumps, and oral hypoglycemic agents. Covered supplies and equipment are limited to glucose monitors, test strips, syringes and lancets. Covered benefits also include outpatient self-management and educational services used to treat diabetes if services are provided through a program authorized by the State's Diabetes Control Project within the Bureau of Health.

What drugs can I find in each tier?

We place drugs on different tiers based on how well they work to improve health, whether there are over-the-counter (OTC) options and their costs compared to other drugs used for the same type of treatment. The lower the tier, the lower your share of the cost. Here's a breakdown of the tiers in your plan:

- **Tier one** may consist of most generic drugs and low-cost preferred brand name drugs.

- **Tier two** may consist of non-preferred generic drugs, preferred brand name drugs, and any other drugs recommended by the health insurer's pharmacy and therapeutics committee based on safety, efficacy, and cost.
- **Tier three** may consist of non-preferred brand name drugs or drugs that are recommended by the health insurer's pharmacy and therapeutics committee based on safety, efficacy, and cost, or that generally have a preferred and often less costly therapeutic alternative at a lower tier.
- **Tier four** may consist of drugs that the FDA or the manufacturer requires to be distributed through a specialty pharmacy, drugs that require the insured to have special training or clinical monitoring for self-administration, or drugs that cost the health insurer more than six hundred dollars (\$600) net of rebates for a one-month supply.

How will I know if my drug is covered and how much will it cost?

You can go online and with the [Price a Medication](#) tool, get pharmacy-specific drug coverage details and pricing from a number of local retail pharmacies in your zip code.

Note: For oral chemotherapy drugs - Notwithstanding any deductible, the total amount of copayments and coinsurance an insured is required to pay shall not exceed two hundred dollars (\$200) for an individual prescription of up to a 30-day supply of a prescribed orally administered anticancer medication covered by the policy.

How does Anthem promote safety?

When you go to a pharmacy, the pharmacist will get an electronic message from Anthem if a drug needs prior authorization, requires step therapy or has a limit on the amount that can be given. Here's a closer look at all of the programs we've put into place to help make sure you get the care you need, while helping to keep you safe.

Our clinical edit programs are:

- Prior authorization, which requires you to get approval before taking a medicine. This helps make sure a drug is used properly and focuses on drugs that may have:
 - Risk of side effects.
 - Risk of harmful effects when taken with other drugs.
 - Potential for incorrect use or abuse.
 - Rules for use with certain conditions.
- Step therapy, which requires that other drugs be tried first. It focuses on whether a drug is right for your condition.
- Dose optimization, which involves changing from taking a dose twice a day to once a day, when medically appropriate. Taking fewer doses may lower your costs; a single higher dose of a drug taken once a day may cost less than a lower dose taken twice a day.
- Quantity Limits impose a limit on the amount in a prescription and how often it can be refilled.
 - If a refill request is submitted too soon or the doctor prescribes an amount that's higher than what is allowed, the drug won't be covered at that time.
 - If there are medical reasons to prescribe the drug as originally dosed, the doctor can ask for review by our Prior Authorization Center.

Also, if you're taking a medicine that is considered a specialty drug, you may need to use a specialty pharmacy in order for your drug to be covered.

What is Prior Authorization? How does it work?

Prior Authorization is a health plan's requirement that the enrollee or the enrollee's prescribing provider obtain the health plan's authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.

Your doctor can get the process started by completing an electronic Prior Authorization, calling the Member Services number on the back of your member ID card or by downloading a prior authorization form from our website and submitting it. If your request is approved, the amount you pay for the drug will depend on your plan's benefit.

There are a few options for your doctor to start the Prior Authorization (PA) process:

1. Submit an electronic PA request by going to <https://www.covermymeds.com/main/partners/anthem>.
2. Log in at anthem.com/ca and choose **Pharmacy**.
 - Go to **Pharmacy Resources** and **Search Your Drug List** for your medication.

- Choose the correct medication strength and form.
 - Scroll down to **Definition of Restrictions** and locate the applicable Fax Form in the table.
 - Your doctor completes and faxes the form to us at 844-474-3347.
3. Calling Member Services number on the back of your member ID card.

Once we receive all the needed supporting information, we will approve or deny the exception request based on medical necessity.

If we fail to respond to a completed prior authorization or exception request within 24 hours of receiving a request based on exigent circumstances, we will provide coverage, including refills for the duration of the exigency.

If we fail to respond to a completed prior authorization or exception request within 72 hours of receiving a non-urgent request, we will provide coverage, including refills for the duration of the prescription.

We will notify you or your authorized representative and prescribing provider about a completed prior authorization or step therapy exception within 24 hours of receipt of a request based on exigent circumstances and within 72 hours of receipt of all other requests.

You may also contact Member Services, 24 hours a day, 7 days a week. If you wish to have a non-formulary drug that your doctor determines not to be medically necessary, you may file a grievance with Member Services by calling 1-800-365-0609 or 1-866-333-4823 (TDD line if you have hearing or speech loss). If the Prior Authorization Center concludes the prescription claim should be denied, members and their doctors will get letters that explain the appeals and/or grievance process. If you are currently taking the drug and it was approved by your previous health plan or by us, we will not require you to try other drugs first. If the drug is safe and effective for your condition, we will continue to cover it.

What is Step Therapy? How does it work?

Step therapy requires trying other drugs before certain medications may be covered. The pharmacy will let you know if step therapy is required, and you must first try the drug or treatment included in the program. If the drug or treatment does not treat the condition well, the doctor can contact our Prior Authorization Center to ask that we approve the original drug.

There are a few options for your doctor to start the Step Therapy (ST) exception process:

1. Submit an electronic PA request by going to <https://www.covermymeds.com/main/partners/anthem>.
2. Log in at anthem.com/ca and choose **Pharmacy**.
 - Go to **Pharmacy Resources** and **Search Your Drug List** for your medication.
 - Choose the correct medication strength and form.
 - Scroll down to **Definition of Restrictions** and locate the applicable Fax Form in the table.
 - Your doctor completes and faxes the form to us at 844-474-3347.
3. Calling Member Services number on the back of your member ID card.

Once we receive all the needed supporting information, we will approve or deny the exception request based on medical necessity.

If we fail to respond to a completed step therapy exception request within 24 hours of receiving a request based on exigent circumstances, we will provide coverage, including refills for the duration of the exigency.

If we fail to respond to a completed step therapy exception request within 72 hours of receiving a non-urgent request, we will provide coverage, including refills for the duration of the prescription.

We will notify you or your authorized representative and prescribing provider about a completed prior authorization or step therapy exception within 24 hours of receipt of a request based on exigent circumstances and within 72 hours of receipt of all other requests.

In circumstances where an enrollee is changing plans, we will not require the enrollee to repeat step therapy when they are already being treated for a medical condition by a prescription drug, provided that the drug is appropriately prescribed and considered safe and effective for the enrollee's condition.

If we have previously approved coverage of the drug for your medical condition, and your provider continues to prescribe for the medical condition, provided the drug is appropriately prescribed and safe and effective for your condition, we will not exclude coverage of the drug.

Rights Available to Members

If you don't agree with a coverage decision, you have the right to ask for a grievance (also known as an appeal). Unless your benefits booklet states otherwise, you must ask for a grievance within 180 calendar days from the date you get the coverage decision letter. Your provider, or any other person you choose (authorized representative), may ask for a grievance on your behalf. A person of your choice may also help you during the grievance process. You need to let us know, in writing, if you want someone to help or represent you.

How do I ask for an urgent (expedited) grievance?

An urgent grievance is available if you haven't had services (pre-service) or if you are currently getting services (concurrent care) and you, or your health care provider, believe that your condition could involve an imminent and serious threat to your health, including, but not limited to, severe pain or potential loss of life, limb, or major bodily function.

We will let you know the decision within 3 calendar days after we get a qualifying urgent grievance. We will let you know the decision by phone. We will also send you the decision in writing.

You, or any person you choose, can ask for an urgent grievance in writing or by phone:

In writing: Overnight mail

**Grievances and Appeals
21215 Burbank Boulevard
Woodland Hills, CA 91367**

By phone: **1-800-365-0609** or **1-866-333-4823** (TDD line if you have hearing or speech loss)

By fax: **1-855-211-3699**

If you qualify for an urgent grievance, you may ask for an independent medical review (IMR) with the Department of Managed Health Care (the department) instead of, or at the same time as, asking for an urgent grievance with your health plan. Details about IMR are included in this document (see "If I don't agree with the grievance decision, what other rights do I have?").

How do I ask for a standard (not expedited) grievance?

You, or any person you choose, can ask for a standard grievance in writing, by phone or online at www.anthem.com/ca.

In writing: **Grievances and Appeals**

P.O. Box 4310

Woodland Hills, CA 91365-4310

By phone: **1-800-365-0609** or **866-333-4823** (TDD line for the hearing and speech impaired)

By fax: **1-877-551-6183**

We will send a written decision within 30 calendar days from the date we get the grievance. Our response will have reasons for the decision and references to the plan provisions on which the decision was based. However, grievances received over the phone that are not coverage disputes, disputed health care services involving medical necessity or experimental or investigational treatment, and that are resolved by the close of the next business day, will not receive a written response.

Can I get copies of documents for my records?

Of course! You can call us or send a letter to ask for free copies of all documents, including the actual benefit provision, guideline, protocol or other similar criterion this decision was based on.

Can I get diagnosis and treatment codes?

You can! Just call us to ask for them. You can also ask for descriptions of the codes, if they are available.

What should my grievance include?

Include, if available, the following information:

- The member's name and ID number;
- The name of the provider who will or has provided care;
- The date(s) of service;
- The claim or reference number for the specific decision with which you don't agree; and
- The specific reason(s) why you don't agree with the decision.

You have the right, and we encourage you, to give us written comments, documents, and other relevant information with your grievance.

How will my grievance be handled?

The appropriate administrative and/or clinical specialists will review your grievance. All relevant information submitted by you or on your behalf will be reviewed regardless of whether it was considered at the time the initial decision was made. We may contact any providers who may have additional information to support your grievance. The reviewers will not have been involved in the initial decision. They also will not be a subordinate of the person who made the initial decision.

If I don't agree with the grievance decision, what other rights do I have?

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-800-365-0609** or at the TDD line **1-866-333-4823** for the hearing and speech impaired and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (**1-888-466-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The department's internet website www.dmhc.ca.gov has complaint forms, IMR application forms and instructions online.

You may ask for an IMR immediately without going through your health plan's grievance process if:

- Your disputed health care service involves experimental or investigational treatment; or
- The department decides that an earlier review is warranted; or
- There is an imminent or serious threat to your health that requires an urgent (expedited) review of your case.

We will help you with the application process if an urgent review of your case is warranted. You can find the application and instructions online at www.dmhc.ca.gov (the department's website). IMR is free to you. There aren't any filing fees either.

If we deny your grievance, we will give you more details about dispute resolution options available to you. You may also refer to your benefits booklet or call Member Services at the phone number on your member ID card for details about the entire grievance process.

A note about opioid analgesics. The member cost share for certain abuse-deterrent opioid analgesics may be lower in some states because of laws in those states. Opioid analgesics are a type of painkiller. In response to the global opioid epidemic, the U.S. Food and Drug Administration (FDA) has encouraged drug manufacturers to develop opioids with properties that help deter their misuse and abuse.

Drug(s) may be excluded from the list based on your plan's benefit design.

KEY

Here are some terms and notes you'll find on the drug list.

BRAND name drugs are in **UPPER CASE**, plain type.

generic drugs are in lower case, italic bold type.

\$0 = preventive drugs. For some members, this product may be covered at 100% with \$0 cost share with a prescription from your provider if specified criteria are met.

DO = dose optimization. Usually, this means you may have to switch from taking a drug twice a day to taking it once a day at a higher strength.

BE = benefit exclusion. This drug may not be covered depending on your plans design. To find out if your drug is covered, log into your member portal or use the Sydney app to [Price a Medication](#) and refer to your plan documents.

LD = limited distribution. These drugs are available only through certain pharmacies or wholesalers, depending on what the manufacturer decides.

OC = oral chemotherapy. These drugs after deductible shall not exceed \$200 per an individual prescription for up to a 30 day supply.

PA = prior authorization. You may need to get benefits approved before certain prescriptions can be filled.

QL = quantity limits. There are limits on the amount of medicine covered within a certain amount of time.

SP = specialty drugs. Specialty drugs are used to treat difficult, long-term conditions. You may need to get this drug through a specialty pharmacy.

ST = step therapy. You may need to use another recommended drug first before a prescribed drug is covered.

Tier 1 = drugs have the lowest cost share for you. These are usually generic drugs that offer the best value compared to other drugs that treat the same conditions.

Tier 2 = drugs have a higher cost share than Tier 1. They may be preferred brand drugs, based on how well they work and their cost compared to other drugs used for the same type of treatment. Some are generic drugs that may cost more because they're newer to the market.

Tier 3 = drugs have a higher cost share. They often include brand and generic drugs that may cost more than drugs on lower tiers that are used to treat the same condition.

Tier 4 = Tier 4 drugs have a higher cost share and usually include preferred specialty brand and generic drugs.

Four Tier

CURRENT AS OF 9/1/2025

Prescription Drug Name	Drug Tier	Coverage Requirements and Limits
ADHD/ANTI-NARCOLEPSY/ANTI-OBESITY/ANOREXIANTS - DRUGS FOR THE NERVOUS SYSTEM		
*ADHD AGENT - SELECTIVE NOREPINEPHRINE REUPTAKE INHIBITOR*** - DRUGS FOR ATTENTION DEFICIT DISORDER		
<i>atomoxetine hcl oral capsule</i>	Tier 2	PA
