Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by an Anthem Blue Cross (Anthem) member's benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis, as well as to the member's state of residence.

You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with Current Procedure Terminology (CPT) codes, Healthcare Common Procedure Coding System (HCPCS) codes and/or revenue codes. These codes denote the services and/or procedures performed and when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to both participating and non-participating professional providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Anthem may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.

These reimbursement policies may be superseded by mandates in provider, state, federal, or Centers for Medicare & Medicaid Services (CMS) contracts and/or requirements. We strive to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date, in accordance with the policy. We reserve the right to review and revise these policies when necessary. When there is an update, Anthem will publish the most current policy to the website.

Policy

The Health Plan allows separate reimbursement for after-hours services if the basic service provided meets all the following criteria, unless provider, state, federal, contracts and/or requirements indicate otherwise:

- Billed by a professional provider on a CMS-1500 Form
- Billed with an office place of service (POS11); and
- Rendered between 5:00 p.m. and 8:00 a.m. on weekdays, or anytime on weekends (and based on arrival time; not actual time the service commenced)

The Health Plan refers to CPT® codes 99050 and 99051 as "after-hours" services and does not designate a special status in this policy to holidays. If a holiday falls on a weekday, then services rendered between 5:00 p.m. and 8:00 a.m. on that day are eligible for reimbursement.

If a holiday falls on a weekend, then services rendered anytime on that weekend are eligible for reimbursement.

Use of Reimbursement Policy

State and federal law, as well as contract language, including definitions and specific inclusions/exclusions, take precedence over Reimbursement Policy and must be considered first in determining eligibility for coverage. The member's contract benefits in effect on the date that services are rendered must be used. Reimbursement Policy is constantly evolving and we reserve the right to review and update these policies periodically.
