Policy Number: C-15003	Policy Section: Coding	
Last Approval Date: 02/14/2024	Effective Date: 02/14/2024	

Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by an Anthem Blue Cross and Blue Shield (Anthem) member's benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis, as well as to the member's state of residence.

You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with Current Procedure Terminology (CPT) codes, Healthcare Common Procedure Coding System (HCPCS) codes and/or revenue codes. These codes denote the services and/or procedures performed and when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to both participating and non-participating professional providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Anthem may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.

These reimbursement policies may be superseded by mandates in provider, state, federal, or Centers for Medicare & Medicaid Services (CMS) contracts and/or requirements. We strive to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date, in accordance with the policy. We reserve the right to review and revise these policies when necessary. When there is an update, we will publish the most current policy to the website.

Policy

The Health Plan does not allow reimbursement for once-per-lifetime procedures if a historical claim with the same procedure, or a procedure from the same code family, is identified unless provider, state, or federal contracts and/or mandates indicate otherwise.

The Health Plan considers once-per-lifetime procedures as procedures that can be performed only once on an individual patient by a physician(s) or other qualified healthcare provider(s) based on clinical, anatomical, code description, or coding instructions.

A historical claim includes once-per-lifetime procedures that have been processed and approved by a previous carrier or Elevance-affiliated health plan.

Note: The Health Plan allows once-per-lifetime procedures when billed with an appropriate modifier.
